SUMMARY

Enthusiastic and detail-oriented junior front-end web developer with a strong foundation in HTML, CSS, JavaScript, and novice experience with modern frameworks like React.js. Recently graduated with a degree in Computer Science, and passionate about building responsive, user-friendly web applications. Proficient in UI/UX principles, cross-browser compatibility, and performance optimization. I also have experience with projects using Git and version control. Eager to apply my problem-solving skills and creativity to contribute to dynamic development teams and projects.

SKILLS
